

Journal Name:	<a href="#">Asian Journal of Research and Review in Agriculture</a>
Manuscript Number:	Ms_AJRRR_1765
Title of the Manuscript:	Genetic and non-genetic factors estimation for growth parameters of Abergelle and Boer goat crossbred kids in Tigray Region, Ethiopia
Type of the Article	Research article

**PART 1: Review Comments**

<b><u>Compulsory</u></b> REVISION comments	Reviewer’s comment	<b>Author’s Feedback</b> <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The manuscript is intended to be crucial to update both local and crossbred goats’ performance in undeveloped countries. Most of the studies report phenotypic performances rather than genetic ones. Therefore, it gives good insights for the scientific communities for the advanced breeding and reproduction sciences.	
Is the title of the article suitable? (If not please suggest an alternative title)	It seems suitable in general	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	An abstract part is comprehensive and some wording incorporated	
Are subsections and structure of the manuscript appropriate?	Subsection were appropriately indicated and sound-full	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The manuscript is intended to be crucial to update both local and crossbred goats’ performance in undeveloped countries. Most of the studies report phenotypic performances rather than genetic ones. Therefore, it gives good insights for the scientific communities for the advanced breeding and reproduction sciences.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. =	Some references are shallow and old. Author should refere some similar experiments conducted in Ethiopia like ‘Dereje et al. (2019) report on Performance of Boer and Woyto-Guji Crossbred F1 Goats (50%) under Semi-Intensive Management System in Konso District, South Ethiopia’.	

Minor REVISION comments	Some languages need grammatically clear	
Is the language/English quality of the article suitable for scholarly communications?		
Optional/General comments	<div>✓ Old references should be updated</div> <div>✓ Through references needed especially for crossbred genotype</div> <div>PLEASE SEE ATTACHMENT</div>	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
